COVID-19 PANDEMIC

MIS moved fully to online learning in March of 2020. Synchronous student instruction, assessment, and grading to the same standards as expected by the IB and our own curriculum have continued. It is unknown when or if students will be permitted back on campus this academic year by the government and education department. All SAT, ACT and standardized tests have been repeatedly cancelled since December 2019. It is unknown if testing will resume this year.

GRADES, REPORTING AND TEST SCORES

MIS does not rank nor report individual student GPA on transcripts. Disciplinary action resulting in student off-campus suspension during the last two years, incidents of academic integrity, or any changes in student MIS enrollment status are disclosed according to university expectations either pre or post admission. Continuous 2-year assessment and grading without averaging is reported and aligned with the IB to allow consistent and reliable prediction of final IB grades. Each transcript grade is based on assessment evidence aligned with the IB to offer a current prediction:

7=Excellent 6=Very Good 5=Good 4=Satisfactory 3=Mediocre 2=Poor 1=Minimal
